Dear Ms. Sandland:

I enclose the amendments to general by-laws adopted under Articles 13, 15, 16, 18, 21 and 22 of the warrant for the Plainville Annual Town Meeting held May 22, 1979, with the approval of the Attorney General endorsed thereon.

I regret that I must enclose the amendments to general by-laws adopted under Articles 14 and 17 with the *disapproval* of the Attorney General endorsed thereon.

Article 14 seeks to eliminate the Board of Appeals that is required by General Laws, Chapter 41, Section 81Z, under the subdivision control law.

Article 17 endeavors to convert the annual report that is required to be distributed prior to the Annual Town Meeting into an annual report based on the fiscal year that is to be distributed by October 15 following the close of the fiscal year. This is inconsistent with General Laws, Chapter 40, Section 49.

Very truly yours,

MINUTES OF SPECIAL TOWN MEETING

Tuesday, February 19, 1980

The Special Town Meeting was held on Tuesday, February 19, 1980 at the Beatrice H. Wood Elementary School on South Street. The Meeting was called to order at 7:35 P.M. by Moderator David Lomasney, and opened with an invocation by the Reverend John Bowmar.

A total of eighty-three voters were checked into the hall for the evening by means of the Registrars' Voting List.

Bounds of the hall for voting purposes were set as being the chairs on the auditorium floor; all other persons to be seated in the bleachers. The Moderator stated that all discussion must be directed to the Chair. Counters appointed to the Moderator's left were Stanley Cole and Ted Hanrahan; to the Moderator's right, Vera Watson and William Woloshyn. Mrs. Sandland was appointed Ballot Box Officer in the event of a ballot vote.

Following the reading of the opening of the warrant, the motion was made by Edward Serwinski, seconded by Robert Root that Mr. Francis Gay of GATRA be allowed to speak at this meeting.

UNANIMOUS VOTE

ARTICLE 1: Motion by Edward Serwinski, seconded by Robert Root that the Town vote to authorize the Board of Selectmen to seek membership in GATRA (Greater Attleboro/Taunton Regional Transit Authority) as a full participating member.

In the following discussion, it was explained that the purpose of this membership was to make the Town eligible for Federal Grants. In reply to questions presented, it was stated that there is a sixty percent reimbursement, that it required a vote of the townspeople before any money can be committed, and that the Town can withdraw from the membership at any time, again by a vote of the people.

Article 1 Passed

UNANIMOUS VOTE

ARTICLE 2: Motion by David Swanson, seconded by Arthur Roy — The Finance Committee recommends, and I so move, that the Town vote to transfer from the Unemployment Account the sum of \$1,600.00 to fund repairs to the Town Buildings recommended as a result of an Energy Audit of Town Buildings.

Discussion followed with questions directed to Joseph Germaine, Energy Co-ordinator for the Town.

ARTICLE 3: Motion by Ugo Bona, seconded by Arthur Roy — The Finance Committee recommends, and I so move, that the Town vote to transfer from the Unemployment Account the sum of \$3,000.00 for Apparatus Maintenance to the Fire Department Expense Budget, such funds to be expended under the direction of the Fire Chief.

UNANIMOUS VOTE

ARTICLE 4: Motion by Joyce Warburton, seconded by David Swanson — The Finance Committee recommends, and I so move, that the Town vote to transfer from the Unemployment Account the sum of \$3,522.00 towards the purchase of a new police cruiser.

ARTICLE 5: Motion by Sandra Johnson, seconded by David Swanson — The Finance Committee recommends, and I so move, that the Town vote to transfer from Overlay Reserve the sum of \$5,200.00

to repair damage due to vandalism in the pump house at the Town Park, such funds to be expended under the direction of the Park Commissioners.

UNANIMOUS VOTE

ARTICLE 6: Motion by Peter Norwell, seconded by Joyce Warburton — The Finance Committee recommends, and I so move, that the Town vote to transfer from the Unemployment Account the sum of \$925.00 to install an alarm system in the pool area and buildings in the Town Park, such sum to be expended under the direction of the Park Commissioners.

In response to a question raised, Chief Sandland stated that wires for the system would be telephone wires run overhead, as opposed to running the wires underground.

Article 6 Passed

UNANIMOUS VOTE

ARTICLE 7: Motion by Arthur Roy, seconded by Robert Root that the Town vote to transfer from the Unemployment Account the sum of \$150.00 to construct a cabinet to house and protect weighing and measuring equipment presently stored in the Town Office Building.

Mr. Roy urged the people to defeat this article, as it is the Finance Committee's intention to transfer the sum from the Reserve Account.

MOTION DEFEATED

ARTICLE 8: Motion by Robert Root, seconded by Edward Serwinski that the Town vote to accept as a public way that portion of Colonial Way from its starting point at Station 0+0 at Garrison Drive to the northerly end of lots 80 and 81, further described as Station 19+50, as shown on that plan entitled "Millbrook Estates, a subdivision in Plainville, Mass., August 21, 1972, scale 1"=80', Rim Engineering Company, Mansfield, Mass.," which plan is recorded in the Norfolk Registry of Deeds, the same to be public streets for all purposes.

UNANIMOUS VOTE

ARTICLE 9: Motion by Arthur Roy, seconded by Serwinski — The Finance Committee recommends, and I so move, that the Town vote to transfer from Overlay Reserve the sum of \$90.00 to pay for the replacement of equipment destroyed during Fiscal Year 1979, not covered by insurance. (% vote required)

Upon questioning, Chief Sandland explained that an Officer's eyeglasses had been broken in the line of duty, and the bill was not submitted until after the end of the fiscal year; hence the insurance company could not honor same.

UNANIMOUS VOTE

ARTICLE 10: Motion by Robert Root, seconded by Edward Serwinski that the Town vote to accept Article 10 as printed — To see if the Town will vote to amend Article 40 passed at the Adjourned Session of the Annual Town Meeting on May 29, 1979, which specified funds to be held in reserve by the Town Treasurer to be used solely for the replacement of the roof on the old section of the King Philip Regional High School building to read "funds to be used for repair and/or replacement of the roof on either the old section of the high school building or on the junior high school building" or do or act in any manner relative thereto.

Mr. Root explained that since the insertion of this article on the warrant, the King Philip School Committee had reversed its decision, and he therefore urged defeat of the article.

MOTION UNANIMOUSLY DEFEATED

Upon a motion by Edward Serwinski, seconded by Robert Root, the Moderator adjourned the meeting at 8:24 P.M.

Respectfully submitted,

Kathleen M. Sandland
Town Clerk

The third session of the Annual Town Meeting was held at the Beatrice H. Wood Elementary School on South Street in Plainville, Massachusetts on Tuesday, April 29, 1980 and was called to order at 7:30 P.M. by Moderator David Lomasney.

Regulations set forth for the previous sessions were declared in effect for this meeting, and counters were appointed as follows: on the Moderator's left, Curtis Parker and Harriet Koshgarian; on the Moderator's right, Kenneth Cox and Stanley Cole. Total voters checked in — 110.

The Moderator stated that two motions for reconsideration had been received by the Town Clerk. The first was received on April 22, 1980, the second on April 24, 1980. The second request was taken first as it would have had a direct effect on the appropriation figures.

Received at 3:55 P.M. on April 24th from Peter Norwell, was a request for reconsideration of Article 37. A $\frac{2}{3}$ vote is required for reconsideration. Following an explanation by Mr. Norwell of his reasons for requesting reconsideration, a vote was taken.

Result of vote: Yes — 19; No — 69 (Needed to pass — 58)

The Chair accepted Mr. Serwinski's withdrawal of motion for reconsideration.

Mr. Stone expressed his thanks to all the voters for their attendance at all sessions.

Acting on a motion by Edward Serwinski, seconded by Robert Root, the Moderator adjourned the meeting at 7:43 P.M.

Annual Report

of the

SELECTMEN

AND

BOARD OF HEALTH

of the

TOWN OF PLAINVILLE, MASSACHUSETTS

FOR THE YEAR ENDING JUNE 30, 1980

REPORT OF THE BOARD OF SELECTMEN AND BOARD OF HEALTH

TO THE CITIZENS OF PLAINVILLE:

This is a combined report of the two boards for the fiscal year ending June 30, 1980.

At the Town Election in April, Ray P. Felix was elected to a three-year term. Mr. Felix had retired from the Board in 1978 after serving for nine years.

Our Monday night meetings have all been open to the public and were properly posted with the Town Clerk.

The usual consideration was given to the renewal and issuance of licenses and permits and our Sanitary Inspector and Building Inspector have served quite satisfactorily in advising us on these matters.

There have been no court judgments of any sort against the Town during this reporting period.

Flu clinics were held jointly with North Attleboro and Mansfield several times during the year to insure all residents who wished to receive a flu shot would have the opportunity to do so.

Diminishing gasoline supplies at local stations began to appear during July 1979. The Selectmen, Fire Chief Skinner and Police Chief Sandland met with service station owners of Plainville to formulate plans to combat this forthcoming crisis. By staggering hours and daily operating schedules, the owners kept an even flow of gasoline to Plainville residents through this difficult period of time.

The Selectmen, Plainville Historical Commission, Everett Skinner and two members of the North Attleboro Historical Society met to discuss preserving the Angle Tree Stone.

Allan Ardis, representing Engelhard Industries, met with the Board with regard to Engelhard tying into the Town sewer system. The cost of this project would be the responsibility of the Company.

Harold Boynton and Allen Cornell attending the Selectmen's meeting of October 15, 1979, to inform the Board about the Health Clinic to be located in Plainville, to be affiliated with Norwood Hospital.

After a meeting with Chester Twardzicki and Mark Fisher of the North Attleboro Chamber of Commerce regarding the possibility of public transportation for the Town of Plainville (GATRA), the Board appointed Robert Hartnett as a non-participating member of GATRA to 1981.

The Board officially agreed to offer the Town as a host community for a resource recovery facility to be constructed under the auspices of the 128 West Resource Recovery Council.

Conservation measures were taken by the Board to conserve fuel usage, one example being the Town Offices changing to a four-day work week, with all offices being open on Monday evening. Energy Coordinator Joseph Germaine met with the Selectmen to set priorities that should be considered in order to conserve energy in Town buildings.

Plans were initiated for the upcoming 75th Anniversary Celebration. Representatives from various churches, organizations, and clubs were asked to begin organization of the events in mid-July.

The Board inquired of the State as to what procedures would have to be taken to bring Cable TV into Plainville.

In summary, this has been a very active, exciting and successful year, and we wish to thank all who helped in any way to make our job a little easier, with special thanks to the Town Office Staff and the citizens of Plainville.

Respectfully submitted,

John F. Stone, *Chairman*
Edward S. Serwinski, *Vice Chairman*
Ray P. Felix, *Clerk*

REPORT OF THE CHAIRMAN

The school year can be characterized as one of greater seriousness among the students toward their studies, several changes of membership within the School Committee, organizational changes within the schools and a growing concern that inflation, energy costs and the tax cap threaten to adversely affect the quality of education.

The unrest of the sixties and seventies appears to be subsiding as we approach the eighties. King Philip's unique arrangement of academic and vocational programs seems to satisfy the need for broad programs of sufficient depth to meet students' post-secondary career decisions. The students must in a general sense feel successful and satisfied or we would not have what is perhaps the lowest drop-out rate in Massachusetts.

Within the Committee there have been several membership changes. Recently, Dr. Richard K. Grady, Chairman and appointed member from the Wrentham School Committee, resigned from the District Committee because of the demands of his profession. Mrs. Annabelle Hoyle was appointed to succeed him. The Norfolk membership sustained a multiple change in that Mr. V. Richard Kelter, a directly elected member and former chairman, resigned upon leaving the District and was succeeded by Mr. William Zadronzy who did not stand for election and was in turn succeeded by Mrs. Marcella Wylie. Plainville was also affected when Mr. William Clarke, a directly elected member, did not stand for election and was followed by Mr. Robert Spitler. Mr. Paul Camber, the local representative, did not choose to remain on the regional committee and was succeeded by Mr. Keith Grant.

A substantial amount of experience was lost. The services of the retiring members were valued, always exerted in what they believed to be the best interest of the District, and certainly the tremendous amount of time and effort they expended was given selflessly and honestly. Their knowledge of the history of committee decision and the reasons for them will be sorely missed.

The stabilizing of the student population allows us to apply our declining resources to the quality of programs as opposed to the problems of both quality and quantity in the past.

Organizing properly for instruction is a way of making maximum effective use of resources. A grades seven through twelve departmental structure has replaced separate departments at each school. The advantage is in having three schools cooperatively establishing a smooth grades 7-12 course sequence in place of grades 7-8 and 9-12 sequences that do not necessarily blend. The transition for the students should be smoother, the course offerings more sequential and the overall system more responsive to needs and changes.

Since the petroleum embargo in 1973 and the nation's subsequent economic problems the schools have constantly battled double digit inflation and highly controlled budgets. The obvious result has been a growing threat to quality education. Fortunately the student population is slowly declining and the total vocational program is nearly established. The combined efforts of the School Committee, communities, students, parents, faculty and administration have made it possible to make continuous and substantial progress in difficult times.

Respectfully submitted,

Marsha Robbins, *Chairman*
King Philip Regional School District Committee

REPORT OF THE SUPERINTENDENT

I herewith submit my eighth annual report as Superintendent of the King Philip Regional School District.

The past year has been one of achievement and commitment by the staff and students of the District.

The National Merit Scholarship Foundation commended four of our students. The Office Education Association and Distributive Education Association were both chosen Massachusetts Chapter of the Year. It was the first time any school had won both awards simultaneously. This was achieved after winning regional recognition and prior to competing nationally and receiving awards at that level also.

There also were state recognition awards in art, vocational education areas and leadership training programs.

This year it was gratifying to note our young people developed increased scholastic interests and achieved new goals while there was a steady decline in building vandalism and an extremely low dropout rate. In the past year King Philip has become a relative island of calm in a sea of difficulties.

Looking to the future, the administrators, staff and school committee developed new policies in the areas of drug abuse, early admissions to college, athletics and established criteria for international student exchanges. Further steps were taken to strengthen the athletic program and provide equitability between boys' and girls' sports. The latter is a notable achievement that has been completed and evidences our strong feelings toward the non-discriminatory treatment of our female student athletes.

The athletic program has also been assisted by the leasing of Wrentham State School land for practice fields. For the future, we are committed to the completion of a permanent athletic facility in Plainville. This year, through a CETA grant, the first step of clearing the land was completed.

The special needs law, although expensive, is nevertheless the finest legislation ever passed to help those with unique problems. It can and does salvage lives and careers making the dependent independent and self-supporting, retaining personal dignity and establishing productive purposeful lives. Our costs in this area have begun to stabilize. We are receiving increased federal assistance and through a special needs collaborative appropriate services are being received on a shared basis at minimal cost.

The academic high school, after several years of what can best be termed student non-involvement, is enjoying a resurgence of school spirit, involvement and purpose.

There is a new mathematics league team as well as new varsity soccer teams. There is high interest in the four electronic computers in use in the Mathematics, Science and Business Studies Departments. Students have worked diligently for relief agencies. The blood drive was a great success. Increasing numbers of students participate in the foreign language festival as well as "College bowl" competitions. The quality of the yearbook, student newspaper and literary magazine is remarkable. At King Philip student activities are extremely well organized and guided by the student leadership and concerned responsible faculty.

College fairs have been very well attended. Enrollment in interscholastic and intramural athletic activities is very high.

There have been several notable accomplishments in the vocational school during the year.

The students have constructed additional custodial storage at the high school, a building for storing flammable materials at the junior high school and a ticket booth for the athletic department.

The carpentry, electrical, plumbing and sheet metal areas are building a solar home for a Plainville resident. Within the vocational high school building, renovations are underway to provide space for new occupational, vocational and vocational related classes.

Federal funds have been received to augment local funds to better meet the needs of special education students. A vocational special needs collaborative has been formed with towns of the Bi-County Collaborative, Mansfield and Bellingham. The special needs youngsters can participate in improved programs tailored to their needs at a reduced per pupil cost because of cooperative efforts and shared expenses.

Plans have been completed to allow for the implementation of Graphic Arts, the final vocational area approved by the Department of Education under the King Philip Vocational Education Approved Plan.

A very important feature is a new student scheduling technique to be given a one-year trial schedule which will allow all ninth and tenth grade vocational students to be totally integrated with any class area taught in the academic high school. We feel the mixing of academic and vocational students wherever possible is a vital phase of their education in a public school.

The junior high school has been heavily involved in developing systems for swiftly and accurately assessing the strengths and weaknesses of incoming students to determine their course placements. This has ramifications in remedial and enrichment programs as well as the new state mandates in competency testing.

Remedial programs are well established at the junior high school. Although courses are arranged in sections with different degrees of proficiency required, the junior high school is developing specific programs for gifted and talented students. The great books program and the new mathematic computer are recent innovations. The science fair and various achievement awards are incentives for all students as well as the gifted.

Interscholastic basketball has been introduced for seventh and eighth grade boys and girls. It fills a gap in skills development where no community program exists. Most schools or their communities have a similar activity.

Student elections patterned on the national system, and raising money for Cambodian relief as well as the local agencies for elderly have been rewarding projects. The newsletter from the principal to the parents has also been well-received and certainly improves school-parent communications.

The future looks very bright for King Philip. I am optimistic about all phases of our programs because our administrators and staff recognize our needs and are not deterred but accept the challenge of improving themselves and their departments. They are capable of meeting their high objectives.

The only cloud in our future is the problem of financial support. We shall do our absolute best with the funds that we receive, but in a time of rampant inflation, increasing energy costs and collective bargaining, it is unrealistic to believe small budget increases will provide sufficient funding for maintaining and improving the schools.

It may be necessary for the community to reassess its expectations. Maximum value should be received for expenditures made, but all of us realize that quality in any endeavor has certain costs which can be somewhat reduced, sometimes delayed, but never eliminated.

The School Committee has actively participated and supported us in our many endeavors. Its leadership and cooperation remain active and vital. I also sincerely appreciate the efforts of our students, their parents, teachers, guidance counselors, nurses, custodians, office personnel, cafeteria workers and administrators in all of our schools. The success of the schools is dependent upon the interaction of all who teach, learn, serve and support the schools of the regional district.

Respectfully submitted,

William J. Costa

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Plainville School Committee:

It is with pleasure that I submit this sixth annual report to you as Superintendent of Schools.

ENROLLMENT

Throughout the decade of the 70's our enrollment has consistently declined. This year there are forty-eight fewer students than last year. Our school enrollment is presently 575.

PERSONNEL AND ORGANIZATION

Ms. Nancy Samulski, who had been a second and fourth grade teacher at both the Jackson and Wood Schools for 10 years, decided to leave teaching and embark on a new career in computer training. Nancy will be greatly missed by the children and her fellow associates who will remember her as a very conscientious, dedicated professional.

Also leaving the system was John Scollard, who had been our School Adjustment Counselor. Mr. John Houle replaced Mr. Scollard in this capacity.

The 1980-81 school year has the following school, grade and specialist organization:

WOOD SCHOOL:

Grade 3 — 4 classes
Grade 4 — 4 classes
Grade 5 — 4 classes
Grade 6 — 4-5/7 classes

Specialist Position: 1 full-time Learning Disabilities Teacher and 2 part-time Specific Learning Abilities Personnel (P.L. 94-142 Federally funded)

JACKSON SCHOOL:

Kindergarten — 4 classes ($\frac{1}{2}$ time each class)
Grade 1 — 3 classes
Grade 2 — 4 classes

Specialist Positions: Learning Disabilities Teacher and Title I Teacher

ITINERANT PERSONNEL:

Physical Education Teacher serving both schools
Two $\frac{1}{2}$ time Music Teachers serving both schools
Art Teacher serving both schools
Speech Therapist serving both schools
School Psychologist — $\frac{1}{3}$ time serving both schools
School Adjustment Counselor — $\frac{1}{2}$ time serving both schools
School Nurse serving both schools

As mentioned in Dr. Cashman's report, the major thrust of our curriculum effort this year has been the development of basic skills competency tests in Math, Reading and Language as mandated by the State Department of Education.

The Basic Skills Competency Committee, under the direction of Miss Jo-Ann Bourgeois, Teaching/Assistant Principal, has worked exceptionally hard in this important area.

FINANCIAL

As is obvious to everyone, we are in the center of a rapidly increasing inflation, which has caused our expenditures to skyrocket, and which has necessitated cut-backs in all non-essential areas.

Fiscal responsibility and restraint is being practiced within all town departments and the School Committee is no exception. The Plainville School Department is trying to be as fiscally responsible as possible without curtailing or eliminating basic educational services and programs for its children.

CONCLUSION AND ACKNOWLEDGMENTS

The Plainville elementary schools will continue to provide the children with sound educational programs which will allow them to realize their fullest individual potential.

This can be stated with confidence due to the presence of an outstanding staff of people, including teachers, teacher-aides, specialists, custodians, cafeteria workers, school nurse and secretaries. I wish to extend to the entire school staff my sincere thanks and appreciation for all they have done during this past year.

In addition to the regular school staff, I wish to express my gratitude to all of the parents, and especially the volunteers who have worked in the lunchroom, library, Great Books Program, Outdoor Ed Program, and elsewhere. Without the services of these volunteers and the marvelous cooperation of the parents, our schools would never function as well as they do.

I mustn't forget the cooperation of other town departments who are always willing to help the schools and the children. The Plainville Police, Fire and Highway Departments have continuously supported the schools over the years, and for this I wish to express my thanks.

The Town Administrative Offices have also been very cooperative and helpful, and to all of these individuals I wish to express my appreciation.

As Committee members, you have contributed a great deal. Your support and cooperation has helped to keep the schools functioning at a high efficiency level. For your counsel during the year, I wish to thank you.

Respectfully submitted,

Edward L. Keaney
Superintendent of Schools

ANNUAL REPORT OF THE PRINCIPAL OF THE BEATRICE H. WOOD ELEMENTARY SCHOOL

Dear Mr. Keaney:

I respectfully submit my seventh annual report as Principal of the Beatrice H. Wood School and eleventh annual report as Principal in the Town of Plainville.

This report will attempt to summarize briefly the significant items of interest that occurred last year, and those that are planned at the Wood School this year.

The B. H. Wood School continues to house grades three through six and a class for children with special needs. Our school enrollment as of October 1, 1980, was three hundred and fifty-three — which is a decline of 33.

The Basic Skills Competency Committee has been meeting throughout the year, and we have developed competency tests for Grade 3 and 5 in Reading, Mathematics and Language. The Committee is presently working on the development of Basic Listening Skills tests which are state mandated for next year. All basic skills have been evaluated and instruction, testing and methodology have been strengthened.

A new system-wide Discipline Policy was developed over the summer, and as of this writing, it has worked out exceptionally well.

Our school year opened exceptionally well with a minimum of problems, concerns and interruptions. Although at this writing the school year has just begun, I am in the process of planning many important programs for our children — some of which include: the week-long Web of Life Outdoor Education program at Forestdale on Cape Cod; continuing our Junior Great Books Program and enrichment program for all four grade levels here at the Wood School.

Monthly early release days have again been scheduled to allow teachers an opportunity to work on curriculum as well as having outstanding speakers talk on related educational issues and developments. Our in-service committee is currently working on developing a relevant program for this year.

Last spring, in conjunction with our annual Open House, the students presented an excellent Science Exhibit under the direction of Mr. Fasulo and Mrs. Stropoli.

In May, the Music Department presented a delightful Glee Club production entitled "Let George Do It", under the direction of Mrs. Bonneau and Mrs. Harrison. The same Glee Club also put on an enjoyable winter concert.

Each class at the Wood School participated in at least one field trip this past year. Some of the places visited were Symphony Hall for Youth Concerts, Plymouth Harbor for the entire sixth grade to go on a whale watch, Plainville Fire and Police Stations, Marine Museum/Fall River, Heritage Plantation, and Pierpoint Glass Museum.

In conjunction with the Plainville Fire Department, the entire sixth grade class participated in a C.P.R. and First Aid course that culminated in the presentation of certificates and a plaque at the Graduation ceremonies.

We have continued to provide our Special Needs children with excellent services. Dr. Steven Rosenzweig, School Psychologist, and Mr. John Houle, School Adjustment Counselor, have been most valuable in this respect. Under the continued Federal Grant 94-142, we have again been able to hire three part-time specific learning abilities personnel to help diagnose and remediate learning disabilities.

Monthly Regional Principals' meetings have been held which have afforded me an opportunity to talk with my colleagues on regional as well as internal school problems and situations. These meetings have been extremely beneficial and fruitful.

It was a year of excitement, change and progress, and we anticipate that we will continue forward this school year. The teachers continue to exhibit a sincere dedication with regard to their performance in their professional roles. They have worked diligently, and continually seek self-improvement by taking many specialized courses, as well as giving freely of their time outside the formal school hours.

Further, my thanks to Mrs. Pray, our school nurse; Mrs. Green, our secretary; Mr. Senior and his custodial staff; Mrs. Perkins and the luncheon personnel. I would like to express my gratitude to our extremely competent aides: Mrs. Botka, Mrs. Henrich and Mrs. Lomasney.

In conclusion, a very special thanks to the wonderful group of volunteer parents who have assisted in the library, cafeteria, classrooms and the Great Books Program, and make such a significant contribution to our school.

Finally, I would like to extend my thanks and appreciation to you, Mr. Keaney, the Plainville Education Association, and the Plainville School Committee, and the P.T.O., as well as all the citizens of Plainville. It is a great satisfaction to work with all of the people I have mentioned, and I feel we will have a truly successful and interesting school year.

Sincerely,

Richard K. Cashman, D.Ed.
Principal

REPORT OF THE WATER COMMISSIONERS

FY 1980

To the Honorable Board of Selectmen

Gentlemen:

The following is a report of the Water Department for the year ending June 30, 1980.

In the near future the Water Department will be acquiring land in order to establish a new well and pumping station with new mains being laid.

New fencing will also be installed shortly around the pumping stations to protect them from vandalism.

During the recent sewer construction, all old lead and iron services were renewed with copper piping.

We wish to thank Supt. Everett Skinner, Sr., Kathleen Parker, Honorable Board of Selectmen, Finance Committee, Camp Dresser & McKee, Inc. and other departments who in any way assisted the Water Commissioners during the year 1980.

REPORT OF THE BOARD OF ASSESSORS

During the Fiscal Year 1980, it has become ever more apparent to the Board of Assessors that the revaluation process must proceed on an on-going basis.

The addition of the second clerk in our office will now allow the Board to proceed in an orderly manner with revaluation. It is our intent to physically review every piece of property in Town during the ensuing year.

As a stop gap measure, all property value has been increased for the FY 81 by 10%.

After our review of all property next year, additional adjustments — up or down — will be made. At that point we should be in compliance with State regulations and will be in a position to implement a classification plan.

Respectfully submitted,

Francis Simmons, *Chairman*

David Lomasney

REPORT OF THE SEWER COMMISSIONERS

To the Honorable Board of Selectmen

Gentlemen:

As of the end of FY 1980, Phase I of the Sewer Project had been completed and was waiting for verification from North Attleboro that the treatment plant was ready and home owners could begin tying in. It is estimated that by early fall connections would be being made. Camp Dresser and McKee, Inc. says the system is in excellent shape.

Homeowners will be required to take out a permit with a charge of \$15.00 and an additional \$10.00 fee for a plumbing inspection inside the home when the work is completed. Commercial fees are \$25.00, and the fee for installers is \$100.00.

Plainville will have to pay North Attleboro a minimum amount for tying into its system.

Engelhart Industries' pipeline are being laid, and a pumping station will be built as will a treatment plant.

The sewer system is a definite asset to the areas included in Phase I.

Our thanks to all who helped in this project.

Respectfully submitted,

Walter Burlingame, *Chairman*

Patricia Barney, *Clerk*

REPORT OF THE POLICE DEPARTMENT

To the Citizens of Plainville:

I would like to express my profound gratitude to the members of this department for their energies and accomplishments during this past year.

Again, this department would like to solicit the support of the Citizens of Plainville, so that a unified effort can be made to maintain the relatively safe environment that we all reside in.

The members of this department encourage and welcome any suggestions and comments, and hopefully the Citizens of Plainville, as a result of this interaction, will become aware of our objectives and mission, and likewise the department will recognize and become responsive to the needs of the community.

This relationship becomes all the more important as the present state of the economy will eventually dictate our social structure and the levels and types of services that a municipality will provide to its residents.

Every effort is and will continue to be made to provide the most cost effective and responsive serve to the Citizens of Plainville.

Respectfully submitted,

Walter Sandland

REPORT OF THE LIBRARY TRUSTEES

To the Honorable Board of Selectmen

Gentlemen:

The library had another busy year under the direction of Mrs. Cobb with the assistance of Mrs. Carolyn Berkley who was hired to replace Mrs. Virginia Hastings.

We are so limited for space now that many services and programs which we would like to offer must be postponed until such time as we can find accommodations. Blue prints have been prepared for a building to be used jointly by the library and Council on Aging for a drop-in center, and the committees are now waiting for government funds to become available so we can apply for a grant.

The library was scraped and painted by Francis Simmons in time for the 75th Anniversary celebration, and we would like to publicly thank him for an excellent job.

Total circulation for the year was 8958. There were 32 children registered for the summer reading program, and prizes of books were given to each child who read 15 books.

Mrs. Margaret White again volunteered to hold a story hour for pre-school children on Tuesdays during the summer. We thank her for sharing with us.

Thanks again to the Park Department for keeping our grounds neat and clean.

A total of \$216.00 in fines was turned over to the Town Treasurer.

REPORT OF THE CAPITAL EXPENDITURES PLANNING COMMITTEE Fiscal Year 1979 - 1980

To the Honorable Board of Selectmen, Finance Committee, et. al.

We are pleased to submit the following report of the activities of the Capital Expenditures Planning Committee for the period ending June 30, 1980.

Three requests for Capital Expenditures were submitted for the Committee's action. Two requests came from the Fire Department, and one request came from the Combined Dispatch Study Committee. One request for Two-way Radios for the Fire Department was later withdrawn and resubmitted as part of a more comprehensive request. The C.E.P.C., therefore, acted on two requests.

The action taken on a request from the Fire Department was an unanimous vote for the first item of the six-year plan. The C.E.P.C. recommends the sum of \$12,000 be appropriated to install air-brakes on the Ladder Truck. The C.E.P.C. wishes to thank Fire Chief Clarence Skinner for his thorough Capital Improvement Summary.

The action taken on a request from the Combined Dispatch Study Committee was an unanimous vote for two expenditures, one of \$86,000 for a 1,500 square foot one-story addition to the Police/Fire Building to house a Dispatch Center, and one of \$62,000 to equip the Dispatch Center. Because of the large amounts of money requested for the above-combined items dealing with a Dispatch Center, many hours and meetings took place until all of the facts had been presented and debated. The C.E.P.C. wishes to thank the Combined Dispatch Study Committee for the many hours of work that went into their request and for appearing before the C.E.P.C. The C.E.P.C. also wishes to thank Mr. Lawrence Carpenter for his assistance in securing bonding information for the above request.

Action was also taken by the C.E.P.C. for a change in Article 23, Section II, Paragraph 1, Sentence one, of the 1979 Annual Town Meeting. An article requesting such change was submitted of Town Administrator Mr. Robert Brothers for inclusion in the 1980 Annual Town Meeting Warrant. The change requested is from "an expenditure of \$20,000 or more" to "an expenditure of \$7,500 or more".

The above action was taken as a result of consultation with various department heads who felt that the \$20,000 figure was unworkable in the community and did not reflect the needs of the department heads and community.

All requests for Capital Expenditures have been attached to a copy of this report submitted to the Finance Committee and the Board of Selectmen who may wish to include them in their annual report.

REPORT OF THE 75th JUBILEE COMMITTEE

The 75th Jubilee Committee had been working hard over the past year to make the 75th Anniversary of the Town a joyous and happy occasion. Through the efforts of interested townspeople, businesses and various organizations, the dream became a reality on July 19th and 20th.

The members of the Committee who gave their time and efforts were Alan Greenfield, representing the JC's, who were responsible for the field events; Paul Nevins and John Adams, representing the Lion's Club, were in charge of providing continuous entertainment in the park; James Desroches, representing the American Legion Post 217, was in charge of serving the cokes; Ronald Fredrickson, representing BSA Troop 132, whose primary concern was to see that the Town was kept free of litter not only before, but during and after the celebration; Natalie Rammel, Marty Alsworth, and Rosie Sorrento, were responsible for the food and paper products; Rev. Bowmar's contribution was conducting the historical tours as well as writing the booklet of Plainville. The Chairman of the Committee was Jack Stone, and Secretary was Harriet Koshgarian.

The Parade Committee consisted of William Black, who coordinated the parade, Jack Stone, Edwin Harrop, Joseph Germaine, Marylee Wall, Patrice Giovanoni, Terry Hubbard, and Harriet Koshgarian.

The winners of the logo contest were Barbara and Lisa Parmenter who tied for first place, and Todd Scott who was third-place winner. The logo was incorporated into one by Mr. Clayton Cate.

"To This, Our Diamond Gem", the Jubilee Theme Song, was composed by Mr. and Mrs. Clayton Cate, and sung by the members of the Plainville United Methodist Church and St. Martha's Church choirs.

Patrice Giovanoni and Terry Hubbard were responsible for the Plainville Jubilee Queen Pageant in which fourteen lovely and talented girls, ranging from the age of fifteen to nineteen, participated for the crown. Mrs. Arleta Skinner, the former reigning queen of 1934, crowned Karen Ganimian as the Pageant's Queen. The excitement of this event stirred the townspeople with emotion.

The 75th Jubilee Committee wishes to publicly thank all the businesses for their generous donations, all participants who performed the entertainment in the park, and to the townspeople who worked so hard making their floats. It is cooperation like this that made the 75th Jubilee the most memorable and unforgettable occasion that Plainville had ever experienced.

Respectfully submitted,

Harriet Koshgarian

REPORT OF THE HISTORICAL COMMISSION

To the Honorable Board of Selectmen:

Gentlemen:

It is with pleasure that we, the Plainville Historical Commission, submit our Annual Report in the 75th year of our Town.

Our Commission in conjunction with the North Attleboro Historical Commission have formed a Sub-committee to work together to protect the Angle Tree Stone, which has been temporarily covered from further vandalism and decay. The North Attleboro Historical Society are accepting donations, and fund raisings are in progress.

Many houses are still in the process of documentation. Those homeowners that wish their home documented should approach the Commission with their deed. Some homes can be done by maps alone. We have maps in our possession for the years — 1830; 1851; 1853; 1858; 1876; 1887; and 1888.

The 75th Jubilee booklets, "A History of Plainville", by John Bowmar are still available through John himself or the Town Office.

The membership of our Commission consists presently of:

John Bowmar, *Vice-Chairman*
Helen Cobb
George Curtis, *Publicity*

Edith Parastatides, *Secretary*
Barbara Parmenter, *Treasurer*
Thomas Parmenter, *Chairman*

Associate Members:

Barbara Fluck
Richard Plante

Kathleen Sandland
Rosalthie Sorrento

In conclusion, the Commission would like to express our appreciation to all the people who so generously donated historical items and pictures for use during our 75th Diamond Jubilee, and to those who will donate pictures of our Jubilee Parade for posterity.

Respectfully submitted,

Thomas Parmenter
Chairman

REPORT OF THE PARK COMMISSION

To the Honorable Board of Selectmen:

Gentlemen:

This summer the Park Project was to upgrade the Park Grounds and in so doing we accomplished the following:

Replaced — ten new Swings, one Jungle Jim Daddy Long Leg Climber, one Spin Around and two Children Jumpers.

Added — a picnic bench for Mothers watching their children in the Kiddie Area, three new park benches outside the pool area, six new benches for life guards and children in the pool area, and one new diving board.

Repaired — baseball bleachers and two old picnic tables.

Due to donations from S. M. Lorusso and Sons for clay base and James Card Contractor for equipment, the ballfield was upgraded. We hope that the Summer Project for 1980 will be to build a bigger and better ballfield for all ages to enjoy.

The Pool Area also had work done — the old paint was sandblasted off and new depth markings were painted on at all levels, the life guard chair was changed from wood to aluminum planking, and an umbrella was installed for the life guards. New nets were installed in the tennis area.

The Park Department also offered swimming instructions to the children, and there were weekly cookouts, softball games and swim meets with other towns and with our own group of swimmers.

The following Red Cross Certificates were earned in the appropriate levels:

Beginners	48
Advanced Beginners	26
Intermediates	12
Swimmers	2
Basic Rescue & Water Safety	15
Advanced Life Saving	4

REPORT OF THE FINANCE COMMITTEE

To the Honorable Board of Selectmen:

Gentlemen:

During the Fiscal Year ending June 30, 1980, the Finance Committee met many nights including our regular meetings on Monday night.

The Finance Committee spent many hours visiting and working with the various department heads to maximize the tax increase to 4%, due to the Tax Cap Law.

This law will remain in effect through June 30, 1981, and the Finance Committee will again work diligently with department heads throughout the year to stay within the 4% over Fiscal Year 1981.

We wish to thank all the officials of the Town for their cooperation during the past year.

Drainage constructed or improved by machine	1,075 feet

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Adulticide mistblowing from trucks.....	4,540 acres
Adulticide U.L.V. from trucks.....	96 acres
Catch basin application. Adulticide and larvicide	204

SOUTHEASTERN REGIONAL PLANNING AND ECONOMIC DEVELOPMENT DISTRICT (SRPEDD)

During 1980 the Town of Plainville continued its membership in the Southeastern Regional Planning and Economic Development District. SRPEDD is a planning agency formed under state law to serve communities in southeastern Massachusetts by providing a cooperative approach to regional issues.

The District is governed by a Commission consisting of a chief elected official or designee and a planning board representative from each participating municipality and six low-income and minority representatives. John Stone represents the Board of Selectmen on the SRPEDD Commission. Plainville is also represented on several advisory Committees.

In addition to regional planning, SRPEDD assists member cities and towns. Through the free municipal assistance program, each community receives time for local projects and assistance in preparing applications for federal and state funds.

SRPEDD assisted Plainville in preparing a community development block grant application. The town is participating in SRPEDD's water supply protection program. Staff mapped recharge areas for municipal water supplies and recommended a series of local by-laws and regulations that may be adopted to preserve their purity.

The agency's purpose is to plan for regional land use, economic development, housing, historic preservation, transit, transportation, solid waste and air and water quality. Local participation in these regional plans enables communities to be eligible for federal and state dollars.

Regional plans completed this year benefiting all communities include:

**The Overall Economic Development Program (OEDP)* makes member communities eligible for EDA funding and a 10 percent bonus for public facility projects.

**The Areawide Housing Opportunity Plan (AHOP)* will be used to guide location of subsidized housing to ensure that each community receives its fair share and that none is overburdened. SRPEDD is one of only 23 in the country to receive federal approval of its plan.

**The Transportation Improvements Program (TIP)* lists major projects in each community for federal and state funding. A project must be included on the TIP in order to be eligible for these funds.

**Planning Notes* — a "nuts and bolts" newsletter about zoning and growth issues facing communities — is sent to the Planning Board.

SRPEDD represents the collective will of its member communities. As the responsibilities and problems of municipalities become increasingly complex, the District can provide technical assistance to local boards, encourage cooperation among communities, and provide a comprehensive approach to issues that cross local boundaries.

REPORT OF THE COMMUNITY HEALTH AGENCY

Community Health Agency, Inc. (CHA) provides Health Care to patients in their own familiar surroundings at home, immunization and screening clinics, and counseling clinics for senior citizens. The two major categories of services are: 1) Board of Health and Preventive Services and 2) Therapeutic Services.

Board of Health Services

As agents of the Board of Health in Plainville, CHA schedules clinics in the town. At these clinics, immunization against diphtheria, whooping cough, tetanus, measles, mumps, rubella and polio are offered without charge. Also, tests for lead paint poisoning and tuberculosis are provided.

CHA provides free health screening techniques (including blood pressure checks), dietary guidance, and health counseling to senior citizens at the drop-in center.

To insure the general welfare of a community, CHA is the agency appointed to conduct follow-up in cases of reportable communicable diseases (tuberculosis, hepatitis and salmonella, for example).

Tuberculosis testing is available in the CHA office and at clinics for contacts or suspected contacts of a person with that illness.

Visiting nurses provide education, support and care for the expectant mother and family in the pre-natal and post-partum periods. They also care for premature infants and other selected newborns referred by a physician, hospital or other recognized agency. Families may initiate a request also.

The following statistics are for patients seen in Plainville in 1979:

Total Number of Visits	68
Total Number of Patients	45
Number of Community Clinics in Plainville	3
Number of Community Clinics in other towns for Plainville residents	8
Number of Immunizations and Tests given in Community Clinics	73
Number of Flu Clinics	3
Number of Flu Immunizations	
Number of Hours for Clinics	22¼
Number of Hours in Senior Citizen Program	85¾
Number of Hours in MCH and Preventive Program	128¼

Therapeutic Services

Visiting nurses on the CHA staff:

- assess health needs of individuals and families
- teach patient and/or family to give effective care at home
- administer injections
- care for terminally ill patients
- provide treatments as prescribed by physicians, such as sterile dressing changes
- provide rehabilitation to maximum independence
- interpret and monitor patients' blood pressure readings
- give dietary instruction for particular illnesses
- instruct family members in personal and nursing techniques of patient care
- evaluate family needs, as well as patient needs, during an extended illness
- provide care to all ages from infants through senior citizens
- evaluate the home in terms of safety
- provide care of the terminally ill

Nursing Staff Home and Office Visits — 335

Physical Therapists:

- administer treatment
- give instruction to patient and family
- conduct the on-going evaluation necessary to patient rehabilitation
- teach in use of special equipment such as Hoyer Lift, Canadian Crutches

Physical Therapy Home Visits in Plainville — 151

CHA also offered in Plainville in 1979:

— speech therapy visits	6

- assist with the activities of daily living

CHA Home Health Aide Home Visits 58

Home Health Aide Visits purchased from Home Health Services, Inc. 508

According to agency policy, therapeutic services may be provided only with the order of a physician. In addition, home health aides are supervised by registered nurses on the CHA staff. The agency has home health aide services on staff, and contracts for additional aide services as patient needs dictate.

The community health nurse can be the person welcomed into a home during a stressful time — to facilitate patient recovery by adapting health care regimes (for diabetes care, for example) to the home environment, and by helping patient and family fulfill patient needs at home.

Disruption can be avoided in the lives of young children when a CHA staff member is available to care for a parent at home.

Referrals

CHA services may be requested by:

- discharge planning service in hospital or nursing home
- physician
- family member
- friend
- other community agency

Self-referral is encouraged for any category of service.

Charges and Funding

There is no charge to the patient for any Board of Health service.

The Board of Health in Plainville, underwrites CHA services rendered on their behalf to residents of the community. The services are subsidized through tax monies allocated by the Board of Health in the town.

There is a service charge for each home visit of a therapeutic nature made by CHA.

Of chargeable visits, approximately 98% of our patients have Medicare, Medicaid, or private health insurance to cover the services provided by this agency. There is a reduced payment available for those without insurance who are unable to pay the full charge.

Board of Health and United Way subsidies make it possible for CHA to render medically-

indicated, therapeutic services — nursing care, physical, speech and occupational therapies; home health aide services, and medical social work services — regardless of a person's ability to pay.

Executive Director

Community Health Agency, Inc. is a non-profit corporation headed by a full-time qualified Executive Director.

Board of Directors

There are 24 members on the CHA Board of Directors. They serve without pay and are drawn from the seven communities served by the agency.

REPORT ON THE CONTROL OF INSECTS AND DUTCH ELM DISEASE

To the Honorable Board of Selectmen:

The appropriation for the year for this account was used to take down dead trees caused by the Dutch Elm Disease, and spraying for the tent caterpillar. Where wires were involved, Massachusetts Electric Company paid to have these trees removed below the wires, making it possible for the Town to take down more trees than our appropriation would have allowed.

Balance, June 30, 1980	\$ 88.95

Respectfully submitted,
Paul Cooney

REPORT OF THE HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

This has been an extremely busy period for the Highway Department and the Superintendent. This is the reason for the somewhat brief report at this time. If anyone has any questions, he should contact the Highway Superintendent.

The \$50,000.00 appropriation to improve Town roads was used on Hawkins Street, Fales Road, Peck Street, and on High Street from Hawkins Street to Warren Street. The roads were resurfaced with 1½ inches of Type I-1 bituminous concrete.

As in previous years, mowing and general clean up of the Old Cemetery on West Bacon Street was taken care of by the Department.

In conjunction with the Highway Department Program, drainage, catch basins, brush cutting along the roadside, gravel roads scraped and graveled, bituminous patching and general maintenance was once again accomplished.

It has been a pleasure to work with and for the other departments during the past year, and, as I submit this report, I would like to thank your Board, the Highway Department employees, and all Department Heads for their cooperation during this period.

Respectfully submitted,

Everett W. Skinner
